

INSTRUCTIONS FOR USING DINING HALL (AFTER HOURS)

Tidy up the area you used so that it is ready for breakfast the next morning. There are buckets, rags, brooms, dustpans, and trashcans provided for you.

If you move trash cans and compost buckets, please return them to their original location. Refreshing Mountain will remove the trash bags and compost buckets in the morning.

Dispose food leftovers in provided compost buckets instead of the trash bags (especially liquids like hot chocolate, instant soup, etc.).

Turn off the Dining Hall lights. These are found at the buffet bar serving area and close to the sink.

If using hot water urns, please turn them off when finished. Feel free to refill them as needed with provided water pitchers/water from the sink.

FYI: It takes about 30 minutes to heat up.

Reminder: The Dining Hall is shared with other groups. Please bring everything your group needs for your snack (utensils, cups, bowls, napkins, plates, scoops, strainers, etc.).
